Objectives of the Internal Quality Assurance Cell (IQAC)

The primary aim of IQAC is to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution. It ensure the efficient operation of academic activities in both B.Pharm, M.Pharm and pharm D programmes.this committee responsible for establishing the guidelines, rules and regulations governing all academic affairs with the college.

Functions of the IQAC are:

- Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution
- Preparation of workload and time tables
- Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process
- Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes
- Monitoring student discipline
- Guidelines for internal exam question paper setting
- Evaluation mechanism for mid-term paper
- Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles
- Acting as a nodal agency of the Institution for coordinating quality-related activities
- Development of Quality Culture in the institution
- Periodical conduct of Academic and Administrative Audit (AAA) and its follow-up.
- Preparation of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC, to be submitted to NAAC.

Role of the IQAC member are:

1. Conducting workshop/hands on training in every semester related to core subjects and thrust areas.
2. Lesson plan verification.
3. Professional society activities in which students are members.
4. Regularly organizing meetings for subject in charges to ensure consistent content delivery.
5. Cross verification in internal question paper.

S.No	Agenda	Discussion	Decisions	Responsibility	Action taken
01	Workload & Timetable	The workload and timetable have undergone examination and validation.	Faculty members are encouraged to set attainable goals for managing their workloads and to exchange insights on prioritizing tasks and efficiently allocating time to meet deadlines.	HOD's of each departments & Academic coordinator	
02	Student mentoring system	Empowering students for fostering their growth, and building resilient academic journeys	Each mentor asked to be given priority in promoting student-driven learning, supporting personal growth, and creating a strong learning environment for their wards.	Principal, HOD's Mentors & Academic co-ordinator	Mentors emphasised the critical importance that student-driven learning, personal development, and a strong learning environment have in academic success. They actively promoted these ideas to their mentees.
03	Planning for CRT Program for Students.	The committee explored comprehensive approaches for creating a robust critical thinking program, emphasizing enhanced student abilities and achievements	Committee recommended that the placement co-ordinator conduct a CRT programme for final year students.	Principal & Training and Placement team	Acceptance of the CRT programme to be implemented for students in order to foster both academic and personal growth

S.No	Agenda	Discussion	Decisions	Responsibility	Action taken
1.	Subject allotment and work load distribution for UG & PG	Subject allotment should prioritize faculty members based on their experience and expertise in the respective subjects.	It is recommended that faculty members follow a micro-level lesson plan in order to complete the syllabus on time and within the time frame given to them.	Academic coordinator, Principal and HOD's	Faculty are advised to organize guest lectures on topics related to the curriculum in collaboration with the institute's TPO.
2.	Time table for UG & PG	Preparation of time table should be completed before the commencement of class activities.	The finalization of the time table is the responsibility of the respective heads of department, along with principal and academic coordinator.	Academic coordinator and HOD's	The approved time table and workload have been distributed to faculty members
3.	Monitoring student attendance from the first day of classes	Mentors and class incharges should closely monitor students attendance regularly.	If a student attendance falls below the benchmark set by institution, mentors and incharges are obligated to give explanation.	Mentors and class incharges	Inorder to prevent any negative consequences related to students attendance percentage, mentors and class incharges are advised to contact parents and apprise them of their attendance.
