### 7.3.2 – Plan of action for the next academic year

For the upcoming academic year, Princeton College of Pharmacy will focus on the following key areas:

1. **Curriculum Enhancement:** Update and diversify the curriculum to include emerging trends in pharmaceutical sciences, incorporating interdisciplinary learning and refining outcome-based education.
2. **Research Expansion:** Strengthen research collaborations, pursue grants, and host symposiums to support innovative projects in drug delivery and related fields.
3. **Innovative Pedagogy:** Implement hybrid learning models, flipped classrooms, and virtual labs to enhance engagement and accessibility in education.
4. **Student Support:** Boost internships, career placement programs, and skill development workshops to prepare students for industry roles. Launch mentorship programs for guidance and support.
5. **Global Engagement:** Expand international collaborations and community outreach programs to increase global exposure and public health awareness.
6. **Faculty Development:** Provide ongoing professional development opportunities for faculty, with a focus on research and publication support.
7. **Infrastructure Upgrades:** Invest in state-of-the-art labs and expand digital resources to support teaching, research, and learning.

This action plan will strengthen the college's commitment to academic excellence, research, and holistic student development.
